Begins July 4 B. E. DODD & SON Closes July 15

WEST SIDE MARTIN, TENNESSEE

Couple of Weddings At Palmersville.

Two weddings of two very prominent couples occurred at Palmersville on Wednesday afternoon, when Mr. Charlie Killgore, son of Mr. Nat Killgore, of Palmersville, and Miss Sudie McWhorter, daughter of Mr. and Mrs. D. A. McWhorter, of Dresden, and Mr. Clyde Pentecost and Miss Zula Biggs, daughter of Dr. Reuben Biggs and wife, were joined in holy wedlock.

The first ceremony was said by Esq. Casey Pentecost. This wedding was a profound surprise to the family and friends of the bride. In fact, it was a Gretna Green affair, the parents of the bride opposing the match. The bride is one of Dresden's most universally popular young ladies, possessing a bright, sunny, lovable disposition, and her legion of friends regret to give her up from their social circles. The groom is indeed a handsome young man. He was reared at Palmersville and has a great host of friends who wish for himself and bonny bride many years of married bliss.

Mr. Clyde Pentecost is also one of that community's most deserving young gentlemen, while his bride is not only a social favorite at Palmersville, but enjoys an extensive acquaintance over the county and state. She is a young lady of rare attainments and personal charms. This ceremony was performed by Rev. G. T. Mayo at the home of the bride's parents. After the wedding a supper was given at the home of Mr. and Mrs. Biggs, enjoyed by many friends.

The Enterprise wishes, along with many friends, for both these happy couples long years of happiness, health and prosperity.

For Sale—A child's iron bed and mattress in good condition, or will exchange for springs and mattress for full size iron bed—Apply this office.

A Lyceum Course For This Winter.

Announcement is made that Dresden will have another lyceum course this winter, the Dresden School Improvement association to guarantee the entertainments. There will be six splendid numbers on the program this time, instead of five, as last winter, all of them choice entertainments. The sale of tickets will doubtless begin at an early date and all citizens of the town and community are urged to avail themselves of this rare opportunity to see and hear some superb entertainments.

Last year, when the young ladies undertook to bring these high-class entertainers to Dresden, the project was looked upon with some misgivings. It was feared there would be a deficiency, but, to the surprise of many, when the last number had been given and all accounts settled in full there was a snug sum left in treasury. This was the result of systematic hustling upon the part of Misses House and Fuller, who deserve the hearty co-operation of all our people in the present undertaking.

We have not been furnished a list of the entertainments, nor the dates, but hope to publish these at an early date.

Non-Resident Notice.

Odell Morton vs. H. G. Morton. In the Circuit Court of Weakley County, Tennessee. To H. G. Morton: A bill for divorce has been sworn to and filed in this court, which bill avers that you are a non-resident of the state of Tennessee, and a resident of the state of Ohio, so that the ordinary process of law cannot be served upon you. This is, therefore, to notify you, the said H. G. Morton, defendant in the above styled cause, to appear before the circuit court of Weakley county, to be held at Dresden, Weakley county, Tennessee, on or before the

First Monday in August, 1916, and make defense to said bill filed against you, or the same will be taken for confessed and proceeded with ex parte as to you.

This the 28th day of June, 1916. j-30-j-7-14-21.

W. W. HOUSE, Clerk. Maiden & Maiden, Sols. for Complainant.

All parties owing me, please come and settle your account at once.—T. O. Phillips. 13 2t

...Teachers' Institute...

Beginning July 17, we will hold our institute in Dresden. We hope to make this one of the most interesting and beneficial institutes ever held in the county.

We had planned to hold this institute the first week in July, as stated in the last issue of this paper, but two of our leaders had to be out of the state at that time. The following week the examination is to be held. Also the West Tennessee superintendents' conference will meet in Memphis. So we are forced to hold our institute two weeks later.

We trust that every teacher who intends to teach in Weakley county will begin now to make this the banner year in institute work of the county.—F. Y. Fuqua, Supt.

Teachers' Examination.

On July 14 and 15 another examination will be given for all subjects in Dresden. Those who failed on any subjects may take them over.

Let me say just here that all teachers who are to be principals of what are known as the old secondary schools must hold a high school certificate covering the subjects taught in that school. What I mean to say is, that you cannot be principal of a secondary school and just hold a certificate on one of the high school groups. For the benefit of this class of teachers Superintendent Sherrill will issue a third-grade certificate which will entitle a teacher to be principal of a secondary school on the following subjects: Spelling, grammar, arithmetic, algebra, rhetoric, general history, biology and reading circle.

If you have already taken some of these subjects in one of the groups you do not have to take them over—just take those subjects on which you have no grades.—F. Y. Fuqua, Supt.

Wanted.—To pasture ten head of cattle or horses on thirty acres of Japan clover and grass. Plenty water and shade. Rate, \$1. per month.—H. B. Jones. 14-2t.

To the Hunters.

I take this method of acquainting the hunting public with the game law of the county and state, relative to the payment of license, The law reads as follows:

"Any person who has been a bona fide resident of the state for sixty days may obtain a county hunter's license for use in the county where issued, upon filing with the county clerk an affidavit of his age, height, color, of hair and eyes, and by paying to the clerk the sum of one dollar, and in the same manner any person may obtain from the clerk of a county court, but upon paying two dollars therefor, a state license authorizing him to hunt in any county in the state.

"It shall be unlawful for any person to hunt, kill or net, any game on the land of another, without having first obtained the written or verbal permission of the owner of the land, or the person in charge of said land and having authority from the owner to give such permission.

"A violation of this section shall be punished by a fine of not less than five nor more than twenty-five dollars."—Chas. A. Eskridge, Special Deputy Game Warden.

Cotton Condition Is 78.8 Per Cent

The condition of the crop as of average date of June 23 is 78.8 per cent of normal, according to reports of correspondents of the Commercial Appeal.

This compares with the government condition of 77.5 per cent on May 25 of this year, 80.3 per cent on June 25 last year and the ten-year average for this date of 80.2 per cent.

Best progress of the crop has been prevented by low temperatures and too much rain over various localities in the belt. While these rains have visited practically every state in the belt, they have not covered any one state, so that conditions are spotted. However, there are many complaints of grassy fields and a rank plant growth. Plant averages somewhat late, but is healthy, as a rule. Blooms are reported as far north as Tennessee, while some bolls are reported from around the middle of the belt.

Boll weevil are numerous in almost all previously infested areas and some damage is already reported as having been done, although this is small to date. Farmers are making a stiff fight against the pest, but the latter seem to be gaining headway in most districts.

TENNESSEE.

Although the plant is still growing well and looking healthy, recent rains have lowered the standard of cultivation. Many fields are very grassy and a considerable period of warm, open weather is needed to clean them out. Aside from this defect and some cool nights, the crop made good progress during the past two weeks.

AT LAST

perfected a wonderful prescription FOR THE LIVER, to take the place of calomel. Has a pleasant taste and will make you feel better, not worse Van Lax. Price 50c. j-1.

AID VICKESBURG MEET

Washington, June 27.—An appropriation of \$150,000 for a reunion of Federal and Confederate veterans at Vicksburg in 1917 was included in the sundry civil appropriation bill, which passed the senate today.

A BIG DAY AT FULTON

The Glorious Fourth of July Will Be Fittingly Celebrated. See the Electricity Turned On Fulton's 350-Light White Way.

Our country and our flag are today nearer the hearts of the American people than ever before. In nearly all the larger cities and some of the smaller towns patriotic celebrations have been held in honor to the stars and stripes.

Of all the celebrations looked forward to with delightful anticipation by the people of Fulton and surrounding country is the big and glorious celebration of July Fourth in Fulton this year when the electricity is to be turned on their great 350-light White Way.

From early morning until late at night there will not be a dull moment.

Already it is being noised about throughout the country and surrounding towns what Fulton is going to do on July 4th. All realize what it means when a celebration is announced in Fulton, and the Fourth of July celebration this year promises to outclass all former entertainments. Too many attractions to describe—races, speeches, base ball, big decorated automobile parade, music by two good brass bands, dancing, good shows, and gorgeous spectacular fireworks display—all free. It will be a busy day, a day long to be remembered by all who take part in the festivities. [Ad vertisement.]
